

CoE And Other Groups

This document aims to clarify the purpose of the different IT groups.

IT GROUP	PURPOSE
<u>Center of Excellence (CoE)</u> NOTE: The Center of Excellence currently has the following Practices: Architecture, Devops, Product Delivery, and Quality.	• Levels up organizational maturity. • Finds and fills information gaps. • Helps clarify role expectations. • Supports the other IT groups. • Empower teams to be self-sufficient. 
<u>Standards Governance Council (SGC)</u>	• Manages all standards processes. • Oversees all Governing Bodies (GBs). 
<u>Governing Body (GB)</u>	• Creates and manages standards within their specific domain. 
<u>Community of Practice (CoP)</u>	• Shares knowledge and best practices with one another. • Acts as a network that skills one another up. • Provides insights and direction into best practices and standards. 
Dojo	• Helps level up a team's maturity in a Practice. • Provides in-depth training on more specific skills.
